Title:	FUNCTION SPECIFIC GRAPHICAL PROGRAM PROPERTY NODES	§		

---

**DECLARATION PER CFR 1.132**

1. We are the named inventors of the above-referenced application.
2. We conceived of function specific graphical program property nodes in a graphical programming language (collectively these conceptions are referred to herein as the "Property Node Technology").
3. At least the following portions of United States Patent Application Serial No. 10/174,347 (the "'347 application") contain a description of the Property Node Technology: page 9, paragraph [0098], page 12, paragraph [0125], and Figure 5B.
4. On information and belief, the Property Node Technology disclosed in the '347 application was our invention.
5. We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the

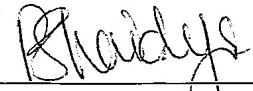

United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
